The experience speaks for itself™

## DATASHEET

### Dragon NaturallySpeaking® Standard 8

Dragon NaturallySpeaking® 8 is the most accurate speech recognition product Nuance has ever developed – delivering up to 99% accuracy! No other product delivers this level of ease-

of-use, accuracy and power – finally making speech recognition something every member of the family can use! No more “hunt and peck” typing - with Dragon NaturallySpeaking you will experience the fun and simplicity of using your voice to turn speech into text at up to 160 words per minute. Create email, instant messages and surf the Web – simply by speaking. This revolutionary and easy-to-use product gives you everything you need to get started, including a free high-quality headset microphone with noise-canceling technology.

### CREATE EMAIL, INSTANT MESSAGES AND SURF THE WEB AS FAST AS YOU SPEAK

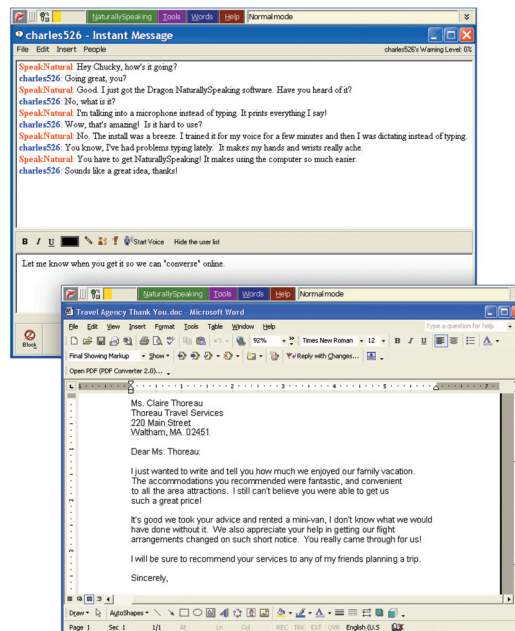

Most people type at about 40 words per minute – which is slow, tedious and sometimes even painful. With Dragon NaturallySpeaking, the future is here! Create documents, email and instant messages at up to 160 words per minute.

### VOICE CONTROL FOR YOUR PC

This amazing product also lets you control all of your PC applications and Microsoft® Windows® functions with voice commands. Almost anything you can do with a mouse you can now do with your voice – and in a fraction of the time!

### SAY IT NATURALLY

Unique Natural Language Commands mean that you don't have to memorize complex instructions. Say “Make that bigger” and the font size of text is instantly increased.
